

Celebrate Inclusion! Through Creativity!

Join the Chief Achievement Office for Students with Disabilities and English Language Learners in collaboration with Parents for Inclusive Education in answering:

“How can your school help to make sure all students with disabilities are welcomed and valued members of the school community?”

Poems, essays, stories, audio clips and video clips are some ways to participate

All students grades K – 12 are welcome to participate.

All creative and artistic forms are welcome until March 19, 2010.

Participants will be recognized in April 2010.
